

PacLease

Truck Rental and Leasing

QUALITY • PERFORMANCE • RELIABILITY

TRANSPORTATION SOLUTIONS

PREMIUM TRUCKS

Through its direct affiliation with Peterbilt, PacLease provides quality trucks customized to your specifications, giving your business the competitive advantage.

PREMIUM ENGINES

PACCAR MX-13

Fuel savings is one reason the PACCAR MX-13 continues to gain popularity in the heavy duty market. With a 75,000 mile oil change interval, our MX engines will save you money with a low cost of routine maintenance over the life of the engine. The PACCAR MX-13 engine provides trucks owners up to a 450-lb weight savings compared to a 15L engine.

PACCAR MX-11

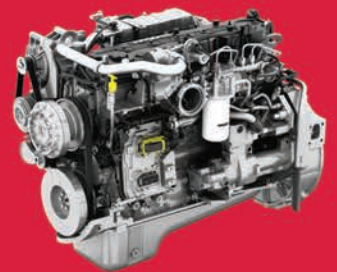

With ratings to 445 hp and 1,700 lb-ft of torque, downsizing for fuel economy no longer means compromising performance. Less engine weight means hauling more payload with every trip. An MX engine's broad torque curves require less shifting, and the quiet operation improves the driving experience.

PACCAR PX-9

The 8.9-liter PACCAR PX-9 has one of the highest power-to-weight ratios in its class, and will move heavy payloads without hesitation. The engine delivers durability and efficiency to lower operating expenses, reduce maintenance, and increase productivity.

PACCAR PX-7

The 6.7-liter PACCAR PX-7 delivers superior performance, minimizes operational costs and maximizes uptime for medium duty customers. The engine has a standard base warranty of 3 years with no mileage limit.

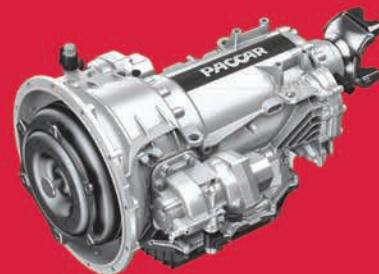

PREMIUM Transmissions

PACCAR TX-12

The PACCAR TX-12 transmission is the lightest in its class. Featuring a weight-saving robust aluminum housing and coolerless lubrication system, the 1,850 lb.-ft. torque capable heavy-duty transmission weighs 105 pounds less than comparable transmissions.

PACCAR TX-8

Expect best-in-class fuel efficiency with the PACCAR TX-8 automatic transmission. The system monitors changes in road grade, vehicle acceleration, torque demand, weight and engine load to keep the truck in the most fuel-efficient gear possible.

BENEFITS OF PACLEASE

Operational Efficiency

PacLease takes the complexity out of running a fleet. We take care of everything from vehicle specifications to maintenance and everything in-between. Whether you're spec'ing for fuel efficiency or payload capacity, keeping your fleet running at optimum efficiency is our top priority.

Financial Benefit

Running and maintaining a fleet can be costly and time consuming. Full service leasing eliminates unpredictable repair and maintenance expenses associated with ownership, providing you with a fixed monthly payment through the entire lease. You spend less time and resources managing your fleet and more time managing your business.

Customized Solutions

PacLease provides customized transportation solutions to fit your specific business needs. Whether you are looking for onboard telematics, fuel tax reporting or toll billing management; PacLease can work with you to find the best solution for your fleet.

- + Remote Vehicle Telematics
- + Regulatory Compliance Training
- + Fuel Tax Reporting
- + Fuel Management
- + Toll Billing Management

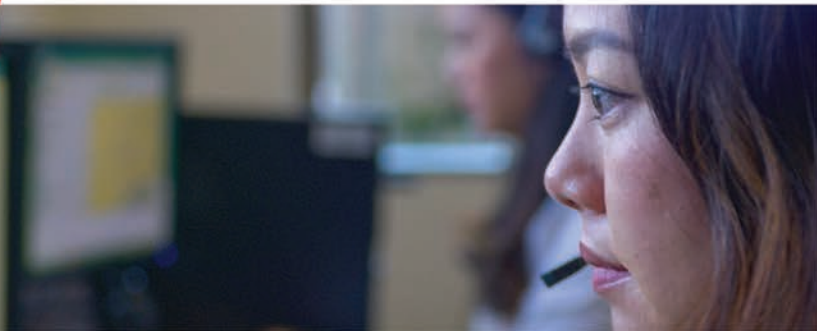

Contract Maintenance

PacLease Contract Maintenance programs ensure that your fleet is maintained by a team of professionals. No need to operate your own maintenance facility and commit your capital to parts inventory. Concentrate on your core business while we focus on keeping your fleet operating efficiently.

Maintenance Management

PacLease Maintenance Management keeps your fleet running at peak performance. Partnering with PacLease ensures a well-defined maintenance program that is key to maximizing your uptime.

24-Hour Roadside Assistance

PacCentral 24-Hour Roadside Assistance provides maintenance support services for your fleet should you experience a service event while your vehicles are out making deliveries. Service through PACCAR dealers and approved service providers is available 24 hours a day, 7 days a week and 365 days per year. Dispatch your fleet with the peace of mind that you have over the road maintenance support from PacLease.

PacLease
Truck Rental and Leasing

Local Service, Global Reach.

With locations throughout the United States and Canada, PacLease provides short-term rental, maintenance and other services when and where you need them. Most PacLease locations are locally owned providing you with personable and knowledgeable service.

PacLease delivers transportation solutions designed for your unique business needs. Combined with premium Peterbilt trucks and personalized local service, PacLease truck rental and leasing can help manage your fleet operations and improve your bottom line.

- + Full Service Leasing
- + Commercial Truck Rental
- + Maintenance Programs
- + Customized Solutions
